Behavioral health support for the whole family you care for

Family medicine sees it all—kids, teens, parents, and older adults. Joy Mental Health Group is built for that span: therapy from age 4 through adulthood, psychological assessments for ages 6+ (ADHD, autism, test accommodations, and more), plus medication management for ages 6+ via telehealth only, with a simple referral process that fits busy primary care workflows.

NOW ACCEPTING **Immediate clinician availability.** Our team of 20+ clinicians brings a variety of expertise—including 6 who specialize in assessment—so people can get seen quickly. Therapists and medication providers are ready for new referrals without a long wait.
