Therapy ages 4+ · Testing & telehealth meds ages 6+

Mental health support for your child—and your whole family

You're already investing in your child's growth at Thera-Peds. Sometimes OT, PT, or speech is only part of the picture—big feelings, ADHD or autism questions, school stress, or the need for clearer answers. Joy Mental Health Group is right here in the same building, ready to help your child and family with warm, expert care.

SAME BUILDING **Right next door to Thera-Peds in Macomb.** We're at 16137 Leone Drive—the same building you already know. No long drive to another clinic. Just a simple next step when your family is ready for mental health support.

SEEN QUICKLY **You don't have to wait months.** Our team of 20+ clinicians—including 6 assessment specialists—means families can often get started soon. Therapy and telehealth medication providers are accepting new patients now.

HOW WE CAN HELP

- Therapy for ages 4+—anxiety, big emotions, behavior, and the challenges that show up alongside developmental goals
- Assessments for ADHD, autism, test accommodations, and related diagnostic questions
- Medication management available via telehealth only, coordinated with therapy when needed
- Support that includes the family—so parents feel informed and kids feel understood

WHO WE CARE FOR

- Children as young as 4 through teens (and adults in the family)
- Neurodiverse kids and teens—ADHD, autism, and related profiles
- Families looking for mental health care and assessment help for school
- Care guided by Clinical Director Adam Joy, PsyD

We're here to walk alongside the work you're already doing at Thera-Peds.

INSURANCE **We accept BCBS and other major commercial insurance.**
