

FOR PRIMARY CARE OFFICES

A mental health partner for your practice

Joy Mental Health Group · Dr. Adam Joy, Clinical Director

When a patient needs more than a 15-minute med check, send them to a Michigan group that actually has openings — therapy, ADHD testing, and psychiatric medication under one roof.

When to send someone

- ☐ Anxiety, depression, or burnout that is not moving on a PCP visit alone
- ☐ An ADHD question that needs testing — not a guess from a symptom list
- ☐ Trauma, substance use, identity, or family work in outpatient care
- ☐ A patient who wants therapy, a psychiatric NP, or both — without a university waitlist
- ☐ You would rather not be the only mental health resource on the chart

How to refer — it takes a minute

Online joyfamilycenter.com/refer

Phone 734-215-5853

Fax 855-952-2422

Send name, date of birth, insurance, what they need, and how soon. Check the box if you want confirmation we reached the patient. We close the loop.

What you can count on

- Rarely a waitlist — often immediate openings
- Most major commercial plans from any state; some Medicaid; cash pay always
- Psychological testing billed to BCBS and BCN
- Psychiatric NP on staff · four offices + telehealth · free parking

Ann Arbor (main) · 2350 Washtenaw Ave, Suite 3
West Bloomfield · 6230 Orchard Lake Rd, Ste 270
East Lansing · 411 W. Lake Lansing Rd, C-125
