Telehealth anywhere in Michigan

Same clinicians. No commute.

How to refer

1 Send the referral

Use the website, call, or fax. Include insurance, what they need, and urgency.

2 We match

Therapy, assessment, and medication are matched on their own. We check benefits before care starts.

3 We close the loop

The office reaches the patient — typically within a business day — and can confirm with you.

Therapy. Assessment.
Medication.

A Michigan practice you can send people to — for nearly any concern that belongs in outpatient care.

Who we are

Joy Mental Health Group is formerly Joy Family Center — the same team, with a name that covers therapy, psychological testing, and medication under one roof.

Founded by Dr. Adam Joy, PsyD, LP. Offices in Ann Arbor, West Bloomfield, East Lansing, and Macomb, plus secure video for anyone in Michigan.

We work with children, teens, college students, and adults. Free parking at every office.

Midwest hospitality, evidence-based care, and an office team that checks benefits so patients are not surprised by a bill.

What we offer

Therapy — collaborative, evidence-based care for anxiety, mood, ADHD, trauma, family, school, and nearly any concern that can be treated in an outpatient practice.

Assessment — ADHD testing, cognitive/IQ, autism and learning questions, diagnostic clarification. Billed to BCBS, BCN, or cash pay.

Medication management — psychiatric prescribing for children 6+, teens, and adults, in office or by telehealth.

Clinicians who can treat nearly any outpatient concern. If we are not the right fit, we help you find someone who is.

Ways they can pay

BCBS, BCN, and many other commercial plans from any state — including Aetna, UnitedHealthcare, Optum, HAP, McLaren, Meritain, Surest, and Wellpoint.

Some providers take Medicaid. Auto insurance when care is accident-related. Cash pay is always available.
